Honorable George Mahon

Dear George:

We have recently published the fourth of a series of unclassified atlases on various areas of the world or topics of current interest. This latest atlas covers the Indian Ocean and the Litterol countries. Others cover the People's Republic of China, Issues in the Middle East and USSR Agriculture.

I thought you might like to have copies of these publications for inclusion in the holdings of the George and Helen Mahon Library in Lubbock, Texas, for as Chairman of the Defense Subcommittee of the House Committee on Appropriations you have encouraged us to share with the American people and our institutions unclassified information collected and disseminated by the Agency.

As I complete my tenure as Director of Central Intelligence, I want to convey to you my appreciation for the advice and guidance which you have given to me in this position and to extend to you every good wish for the future.

Regards,

George Bush
